

Hi,

We hope all is well. Presented below is our latest April Newsletter covering key breaking news involving Durian and relevant Malaysian news.

Singapore this month was all about Durian, with companies across the island launching Durian products and cafes. KFC launched fried Durian mochis based on KFC Malaysia's hot selling durian balls launched last year. Most striking however was the launch of the first Musang King Durian beer that we know of, retailing for RM 50 for a pint!

Researchers at Singapore's NTU also found a medical breakthrough using durian husks to make valuable bandages for post-surgery. If we didn't know any better, it would appear Singapore is the home of Durian rather than Malaysia!

Best Regards,
Durian Projects Group

APRIL 2021 NEWSLETTER

KFC Singapore launches fried Durian Mochis

Researchers at Singaporean University NTU have discovered a way to make surgical gel bandages from Durian husks! The husk of the fruit makes up about 60 per cent of the weight of each durian.
